Advisors to help you with ...

ABOUT US

Amergin is an independent, privately-owned chartered accountancy practice that allows individuals and businesses to strengthen and add value to their financial position.

Our client portfolio consists of owner-managed businesses and small to medium companies of varying types. We represent industry sectors such as construction and property, hotel and leisure, financial services, information technology, healthcare and professional services, including self-employed barristers, lawyers and medical professionals.

Our team of highly qualified specialists are equipped to give you balanced, independent, excellent advice. We are members of the Institute of Chartered Accountants in Ireland and the Life Insurance Association Ireland. Our team is committed to Continuous Professional Development. This ensures that we keep you updated on changes that may impact your financial position.

WHAT DIFFERENTIATES AMERGIN GROUP

Experience

Our vast experience allows us to ask the right questions and provide the correct answers. We have helped hundreds of clients over the years.

Innovation

We provide business advice with leading-edge technology. We are always searching to innovate, to find new and better solutions to your challenges.

Community

We seek to engage with our community; supporting local events and helping associations. We seek to give opportunities to all, no matter region, nationality, or skin colour.

OUR TEAM

We hire excellent people with outstanding qualifications in their chosen fields to provide our clients with accounting and personal financial planning expertise.

CONOR MACGOWAN

Managing Director

A Fellow of Chartered Accountants Ireland, Conor helps business owners to develop and achieve their financial goals, both personal and corporate. Conor is a trusted advisor with over twenty years providing guidance to businesses and individuals to help them achieve their financial objectives. He also has wide general management experience, building businesses through senior executive roles in Microsoft, and PepsiCo. He has held leadership positions in JP Morgan Corporate Finance, Proctor & Gamble, and PWC (formerly Coopers & Lybrand).

JOIN US IN THREE EASY STEPS

1. Book A Free Consultation

Schedule a free in-person or video consultation with one of our consultants. It's an informal chat to get to know you and learn more about how we can help you.

2. Expert Analysis

We clearly explain the support available to you and are happy to act as a business of financial advisor to guide you in the right direction and help you grow your business.

3. Get A Personalized Budget

At Amergin Group, our fees are tailored to each individual's needs, so you only pay for the level of support and services that you and your business require.

OUR SERVICES

At Amergin Group, we provide all the accounting services you expect, but we thrive when adding value to your business. Using innovative technology, we can provide you with the relevant information to help you build your business – increasing profit and driving growth and productivity.

We go further where others stop. We will ask the right questions. We'll give you the answers you need, and we'll always think proactively, progressively and insightfully.

ACCOUNTING SERVICES

Whether you are looking to assign your accounting and compliance reporting to others or need support for your in-house team, Amergin can provide a customised solution to suit your needs.

When you hire Amergin's services, know that you are not only hiring a service. We are more than just accountants, we are also a member of your team. We recognize that your company is unique and that each company's path to success is different.

Whether helping you determine your key performance indicators or assisting with filing annual reports, our experts can provide the support you need to succeed.

Year-end Accounts

Year-end accounts provide essential information about your business. We can provide you with the best advice to keep your business running efficiently.

Our accountants will prepare your accounts and verify that you claim every deduction to which you are entitled.

Bookkeeping

Amergin delivers modern accounting solutions made to meet your business needs. Day-to-day accounts payable, accounts receivable and general ledger reconciliation.

Business Plans

During budget preparation, you must make trade-offs and prioritise tasks to ensure that the budget fits the company's priorities. Increasing operational efficiency is the primary key to your success. Financial disciplines need to be established and maintained from the start to ensure you accomplish your goals.

Cashflow Projections

Good cashflow management is crucial to running a successful business. You must pay your bills while you wait for payment from your customers. Many companies fail because of poor cash flow, not because they weren't profitable. We can help your business improve cash flow projections, budgets, and business projections. Amergin can provide an accurate and comprehensive service tailored to your business and, where appropriate, lenders' requirements.

PAYROLL SERVICES

Outsourced Payroll Service

Amergin offers confidential, cost-effective outsourced payroll services that focus specifically on the needs of your company. While efficient Payroll processing is an important part of your business, it is likely to be non-core. It can be time-consuming and, as it is subject to ever changing legal and tax compliance requirements, can also require considerable expertise.

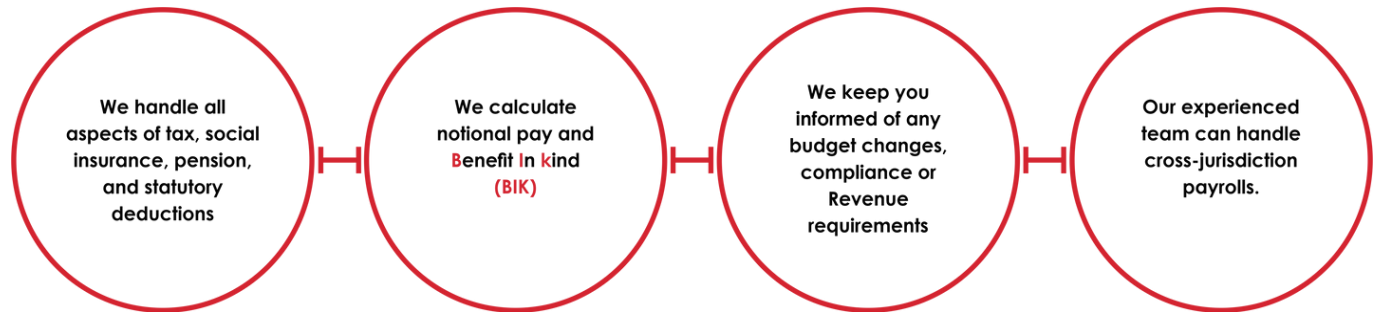

Outsourcing your payroll to a specialist team such as ours is the answer. With over 20 years of experience and a varied client list, Amergin provides fast, accurate and professional payroll services. Our services are adaptable to the needs of businesses of all sizes.

Flexible Payroll Service

Our payroll service can include the preparation of payrolls (weekly, fortnightly and monthly as required) and proactive advice in relation to employee taxation and PAYE modernisation.

We provide a complete service whereby, we:

1. Process the payroll on your behalf, based on data received from you.
2. Process deductions such as pension and forward the relevant reports to the Pension company.
3. Prepare the normal gross to net reports, company cost report, holiday pay reports.
4. Create the bank file for payments.
5. Interact with Revenue and complete all Revenue compliance requirements.
6. Email payslips to staff.

TAXATION SERVICES

Amergin Taxation Services can advise your business on tax planning, transaction support and compliance.

Our tax experts combine their knowledge and experience to offer the best and most accurate advice.

Our service ensures that all appropriate business structures are in place to help mitigate potential liabilities in the Income areas Tax, Corporate Tax, Capital Gains Tax, Inheritance tax, Stamp Duty and VAT.

Tax returns

Amergin provides a professional tax filing service suitable for self-employed individuals, business owners, contractors, and employees with secondary income or company shares.

OSS/IOSS Returns

Amergin can help you file your OSS and IOSS declarations. We help any business submit returns and pay VAT to EU countries members.

Corporation Tax

Every Irish limited company must pay taxes on their profits. Our accountants can help you getting your company accounts ready, prepare company tax returns and provide advice on any tax planning areas that may benefit you and your company.

Company Shares Tax Returns

If you have received stock awards or stock options, Amergin can help you meet your tax liabilities. If you receive stock or stock options from your employer, you usually need to pay the tax twice: – Income Tax upon receiving the shares and Capital Gains Tax when selling them.

Capital Gains Tax

Capital Gains Tax legislation is complex. Amergin will prepare your capital gains tax computations, claim any benefits you may be entitled to and calculate any liability that may be owed. Individuals are charged Capital Gains Tax (CGT) on gains obtained from the sale, transfer or disposal of assets. Many daily purchases may be subject to CGT when disposed of, such as stocks, bonds or precious metals. Many reliefs and exemptions can lead to significant tax savings.

VAT Returns

Amergin can help you to comply with your VAT responsibilities. Late VAT registration, errors, late VAT returns and late VAT payments can lead to fines and possible interest charges. Letting us take care of your VAT obligations will save you time and prevent you from wasting your hard-earned money on fines and penalties.

3 REASONS TO CHOOSE US

Comprehensive

We focus on the development of key performance indicators and use them to make recommendations for the future of your business. All our efforts are directed to driving your business growth and profitability.

Professional Reliability

With Amergin, you can count on a highly skilled team, consistently delivering reports and recommendations in the agreed time frame, with accuracy and precision.

Surpassing Expectations

We don't provide only numbers and figures. With our interconnected network of professionals, we can use your accounting information to provide you with personalised advice and guidance.

BUSINESS ADVISORY

We identify areas for improvement and help you to establish ways to achieve them. We focus on the opportunities, challenges and issues facing the business and present alternative solutions.

Our approach involves challenging the business and whether it be profit or cash-flow improvement, business application implementation, operational efficiency or business process re-engineering, our advisory team will help you achieve the optimum outcome.

When you simply need a fresh perspective on current performance, our advisers will ensure that you benchmark your business appropriately.

PERSONAL FINANCIAL PLANNING

Amergin will provide you with an accurate, comprehensive, and individual financial situation analysis. We will put you in an informed position about your finances and investments and then build an innovative financial plan for you, combining both business and personal finances.

We will enable you to achieve your financial goals and objectives, ensuring you build your wealth in the most tax-efficient manner possible.

Our professional advisors have extensive experience in financial and tax planning, banking, and accounting.

Protecting your Family

We don't know what may be just around the corner, so it is important to make sure that your family is looked after into for the future. It is possible to calculate the correct amount of cover which you should have to protect you and your family from the death of an income earner

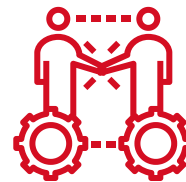

Cashflow Planning

Worried how a financial decision now could affect your future? We can graph your finances and simulate several different scenarios based on the financial decision you are considering. We will give you the best advice and help you understand the potential financial effects of your decision.

Investment Advisor

We will review your investments to ensure that you are investing your money effectively to maximize the returns. We help make sure you have a proper balance between income and capital growth on one hand and between security and risk on the other.

Succession Planning

Independent advice to help you plan the tax-efficient transfer of your assets to the next generation, either during your lifetime or afterwards.

Retirement Planning

We will help to compile your retirement plan and pension structure. We can help you identify and advise you on suitable investments. We will help you determine your optimal level of pension contribution and monitor your progress towards your retirement goal. We will ensure that you maximise any available tax reliefs and explore with you your post-Retirement options.

Personal Tax Planning

Whether you pay taxes through the PAYE system or through self-assessment, it's important to minimize this expense as much as possible. There are many times in your life when it is especially important to get expert tax advice.
